Jake Jeffery is a native to Long Beach and has been bowling with the club for almost a year now. He and Rachel met way back in high school and are now celebrating 10 years together this year. They have a beautiful 3 year old daughter, Jeri that can often be seen throwing the jack around the greens or riding her scooter on the deck, They have a little boy on the way that will be joining them in October, Jake teaches 7th grade Science and Health for the, LBUSD. When not lawn bowling, Jake can be found skateboarding your empty pool, playing pinball, gardening, and working on thier newly purchased Long Beach home. Stephanie Johnson was the member who got Jake to join the club, but it is mentor Roy Hubbs that keeps him coming back. Jake also wanted to use the spotlight to thank Liz Fowler for the awesome scorecard holder!

Mr. Etiquette.....

Do not use gamesmanship in any form. Win by your skill & thoughtful strategy. Gamesmanship meaning: the use of unconventional but not strictly illegal tactics to gain an advantage in a competitive game.

Laws of the Sport of Bowls

Section 6 - Movement of bowls

25. Marking a toucher

25.1 A toucher should be marked with chalk by a member of the team that delivered the bowl or the marker as soon as it comes to rest.

25.2 If, in the opinion of either skip or opponent or the marker, a toucher comes to rest in a position in which marking it would be likely to move the bowl or alter the head, the bowl should not be marked but nominated as a toucher instead.

25.3 If, before the next bowl comes to rest or, in the case of the last bowl of an end, before a period of 30 seconds that applies under the law **40.1** a bowl is neither marked nor nominated, it is no longer a toucher.

COMPASSION

"When we experience the pain of another person, we instinctively want to take that pain. But by want to take away that pain. But by pain, we also take away his or her opportunity to grow. To be truly compassionate, we must be able to share another person's suffering and pain - knowing there is nothing we can do to relieve it & that we are not responsible for it, & yet knowing & understanding what that pain feels like."

John Grey

Compassion is a quality of soul.

Something to Think About

This is a Story about four people named Everyone, Somebody, Anybody & Nobody. There was an important job to be done & Everybody was asked to do it. Everybody was sure Somebody would do it. Anybody could have done it, but Nobody did it. Somebody got angry about that because it was Everybody's job. Everybody though Anybody could do it, but Nobody realized that Everybody would not do it. It ended up that Everybody blamed Somebody when Nobody did what Anybody could have done. It takes Somebody to involve Everybody in doing a job & to see the Nobody is left out. Just Anybody can't do this, so let me do it or let it begin with me.
